Water tank (air pressurized)

AY- G operating Stool

XPECT VISION INTRAORAL SENSOR

The first dental sensor using photon counting technology

Exchangeable and Extendable Wire.

+100.000 cable bending tests

3 Years Warranty

Sensor tested to +500.000 Exposures

CE Approval

Wire can withstand a **10-kg** pull force.

Proven Durability:

- Passed Water resistant test
- Passed Vibration test
- Passed Drop test from 1.5 meters

AVAILABLE IN 2 SIZES (Golden size 1.5, size 1)

XPECT VISION INTRAORAL SENSOR

Support 9 languages (including Arabic).

Cloud system.

Continuous shots

Manual calibration

Free software and customer support for life

Accessories:

Free positioning kit

Disposable sleeves

High voltage: 70 Kv

High current: 3 mA

Focal spot: 0.4

Just 1.5 Kg (almost like holding air)

Type C charging

Super easy with touch screen and AI supported angle detection mode

Battery capacity: 300 Exposures on a full charge

Exposure time range: 0.02 : 2 s

Lower radiation exposure: much lower than the EU limit

YESON Pro AUTOCLAVE

Completely in line with **European** and national standards

Short circuit safety protection

Post **drying** process

Automatic water filling and drainage

Mechanical and electronic locker

Sterilization effectiveness assessment

Chamber size: 25*45 cm

Output system: Printer & USB

Power: 1950 watt

Input: 220/230 V

50 Hz

YESON Pro AUTOCLAVE

3 Heating Rods

Double sealed steam generator

Heating **stability**

11 Sterilization program

Adjustable program

Double Tank Design

1:1 Contra angle

Super Lightweight (just 114g)

Fit for both hands

Preset files

- 37 preset program
- 9 Adjustable programs

Autoclavable Sleeves

Wide torque range 0.2 - 6 N.cm

Speed Stability with high torque

Auto Sleep to save your battery

Motions

Continuous Rotation (clockwise / counterclockwise)

Reciprocation (3 Reciprocating Programs)

Auto reverse when torque is exceeded

🔃 ATR

High-speed motor (1000 rpm)

50-Month warranty (more than 4 years)

Super **Mini-head** & Long shank **Super Lightweight** (just 109 g) **360° Adjustable** Contra-Angle Fit for **both hands**

Preset files

Torque up to 6 N.cm

Speed up to 1000 rpm

Auto Sleep to save your battery

Motions

S Adjustable Reciprocation

- Autorever
- 🔃 ATR

50-month warranty (more than 4 years)

QScan ... Quickest Scan

Full arch scan in 10 : 20 Sec
